Hacker News

Hacker News is a social news website focusing on computer science and entrepreneurship. It is run by Paul Graham's investment fund and startup incubator, Y Combinator. In general, content that can be submitted is defined as "anything that gratifies one's intellectual curiosity".

Program skeleton

```
url = "http://oscar-lab.org/puzzle.html"
txt = requests.get(url).text
soup = bs4.BeautifulSoup(txt, "lxml")
tbody = soup.find("tbody")
for tr in tbody.find_all("tr"):
    for td in tr.find_all("td"):
        #traverse all cells
```

LKML.ORG?

In case you haven't read the titlebar of your webbrowser's window: this site is the (unofficial) Linux Kernel Mailing List archive. This mailing list is a rather high-volume list, where (technical) discussions on the design of, and bugs in the Linux kernel take place. If that scares you, please [read the FAQ](#).

Things you might want to do right now:

- [dive into the archive](#)
- [read the last 100 messages](#)
- [read today's messages](#)
- [read yesterday's message](#)
